

Music questionnaire for wedding couples

If you're struggling to answer any of the the questions on this form and would like to get a list with examples of popular songs for each part of your wedding as a source of inspiration, let me know and I will send it to you. Alternatively, we can also discuss your music preferences over a call. Just let me know if you prefer that instead.

If I'm not scheduled to perform or be the MC during any of the parts mention in this questionnaire, feel free to just skip those sections.

About your background and music taste

What are your all-time favorite party/ dancing songs that you'd love to hear during your wedding party?

As there are as many tastes in dancing music as there are wedding couples, it's important for me to know what kind of music you like to dance to. Brides and grooms sometimes each have their own personal taste, and they may differ considerably. As I'd like to please everyone, please let me know which are your personal favorites.

The list of songs can be as short or long as you want to, but it would be great if you can mention at least 15-20 songs. If you have already compiled a song list in a different format, for example in Spotify or Youtube, feel free to share that instead/ as well so you don't have to type them all here.

About your guests' favorite songs

As the majority of the people on the dancefloor will be your guests, it would be great to find out what are the favorite songs of each of your guests. If we set up an online forum which is accessible to you and all of your guests, we can build the anticipation and vibe of your dream wedding well ahead of it actually happening. The easiest way to do this is to set up a closed Facebook group to which we invite everyone to join and mention their 1 or 2 all-time favorite party songs that they'd love to hear at your wedding. Provided the songs they request are suitable and appropriate, I will incorporate them into the flow of dance music. If you prefer, I can also run all the requests being mentioned in the group by you for approval.

Would you like me to set up a closed Facebook group for your wedding and would you then like to invite your wedding guests to join and share their song requests?
